## EXPERIENCE

JULY 2017 – MAY 2019
**SAN DIEGO CITY COLLEGE**
SUPPLEMENTAL INSTRUCTOR

- Monitor biology laboratory students in terms of academic and technical skills.
- Address students in need by translating advance concepts into tangible ideas.
- Work directly with professors to provide alternative office hours.

## EDUCATION

**UNIVERSITY OF CALIFORNIA, SAN DIEGO** EXPECTED DECEMBER 2019
FULL-STACK WEBSITE DEVELOPMENT
Coursework focuses on programming languages used in modern application frameworks, as well as technical concepts used in powering modern servers.

**SAN DIEGO CITY COLLEGE** MAY 2017
LIBERAL ARTS AND SCIENCES: MATH AND PRE-ENGINEERING
Coursework primarily consisted of differential mathematics and physical sciences.

## RELEVENT LANGUAGES AND COURSEWORK

- Java
- JavaScript
- JQuery
- Google Firebase
- node.js
- HTML5
- CSS
- Bootstrap

## ACTIVITIES AND PROJECTS

SOLSTICE WIDGET STORE
Designed and wrote a web app in HTML and CSS in my spare time.  This web app used CSS to be visually and functionally cohesive with the native Java-based OS, and hosted widgets.

LASMA'S CREATIONS
Conceptualized and coordinated the internet and social media presence for a boutique store.
